Committee Updates-----

Operations: Nolan

- Pushing harder to keep the room clean. Make sure at the end of the night the chairs are pushed back, everything is turned off, etc.

Climate: Ty

- Going to present at NWA.
- Let Ty or Erica know if there's anything specific we want them to convey at NWA about OWL.
-

Hoot and Technology: Sam and Morgan

- First hoot informational meeting went well!
- About 12 people showed up.
- Words for HOOT: **H**ub of **O**WL **O**perational **T**echnology

Secretary/Treasury: Robert

- Current account balance: \$404.49.
- Talk to student affairs for food money.

Media: Jordan and Jenna

- First facebook live through OWL facebook during Hurricane Harvey.
- Lots of students.

Oklahoma Weather Lab

Meeting Summary: Officers Meeting 9/6/2017

OKLAHOMA WEATHER LAB

- Media requests \$100-\$150 for lights and microphone stuff.
- Social media is fine, rough rollout but everything is now going well.

End of Committee Updates -----

Monthly Meeting Update: Leah September 21st

- Tyler Stanfield and Leah got in contact with a few notable tropical/hurricane research mets.
- Snacks:
 - SmartFood Movie Butter
 - Ice Cream Bars
 - Pretzels
 - Potato Chip Samplers with also food.

Fundraising:

- Leah getting T-Shirt ideas. Looking at \$15.
- Cheaper bulk orders after seeing interest online.

Building Bridges between OWL and NWS/SPC in the OWL Lab.

Randy Bowers: NWS Norman

Providing guidance, path to get into the NWS, etc., anything they can do to help, just hang out with students.

Goal: Make weather service forecasters feel welcome to stop by the OWL lab.

Introducing new students who are new to forecasting and connecting them with NWS Forecasters.

Generating a list of NWS professionals who want to come to shifts. Get list to shift leaders so NWS forecasters can find a place to connect with students.

Possibly have post-mortem analysis and event debriefing opportunities.

How to phrase technical things (AFD's, outlooks, social media).

Start making shift leaders aware that we're opening up the lab and will be getting more NWS professionals involved.

Open Forum:

Replace Rogue River with campus radio station.
